Are you looking for a unique, out-of-office adventure for your team? Trivium Games can create a custom experience just for you!

We've been creating puzzle and game-centric events for more than a decade for groups ranging from 10 to 300 people. In 2017 we turned our passion into Trivium Games. It's safe to say we love puzzles and mental challenges, but with founders specializing in graphic design, animation, programming, and video game design, we care a lot about the artistry surrounding our games too. Every event we produce is a unique experience, and each project is a chance to create a new masterpiece.

## EVENT FORMATS

We have many format options — from 3-hour conference-room style games where players race through piles of puzzles, to weekend-long driving games that take players on an adventure throughout the Bay Area. We can tailor the difficulty to suit the experience of players. Our events can be linear or station-based, and can be focused around team-oriented challenges or geared toward allowing players to mix things up and work with as many new people as possible.

Regardless of the format you choose, we like to provide variety. Within a single event, we try to include physical challenges, lateral-thinking puzzles, trivia contests, cooperative games, and always something unexpected.

We look forward to helping you create a memorable event. Contact us to discuss your vision!

## WHAT IS YOUR VISION?

- Indoor, outdoor, or a little of both?
- Thematic or unthemed content?
- How many people?
- Fixed teams or a mixer?
- How long?
- Budget?
